

**McNeese State University invites you to a presentation
about the University's economic and fiscal significance
on the local and state economy.**

February 2, 2016, Tuesday, 3:30 p.m. – 4:30 p.m.

in the Willis Noland Conference Room

Southwest Louisiana Entrepreneurial and Economic Development Center

4305 Ryan Street, Lake Charles, LA 70605

Dr. Mostafa Malki, an expert in economics and finance and a visiting lecturer in economics and finance at McNeese, has completed a comprehensive economic impact study that shows the total annual economic impact of McNeese to the state last year was \$407.8 million. The total fiscal impact of McNeese to state and local government last year was \$22.7 million in tax revenues.

Dr. Malki will share his analysis of McNeese as a conventional industry, through its economic linkages, highlighting major economic characteristics of McNeese as a state university, including its sources of revenue, employment created, output generated and value added.
